# Sporting heritage and contemporary style come together in the new collection born from the collaboration between Yamamay and Australian

YSPORT, the sportswear brand from the Yamamay world, presents a new capsule collection created in collaboration with Australian, the historic Italian brand that, since 1956, has embodied the spirit of tennis through a perfect balance of style, functionality and comfort.

The partnership between the two brands has resulted in a collection that combines Yamamay's expertise in developing lifestyle collections focused on quality and personal well-being with Australian's authentic sporting heritage. An iconic Italian brand closely linked to the world of tennis, Australian is renowned for its ability to reinterpret sportswear codes through a contemporary lens.

The collection features coordinated looks for adults and children, designed for leisure time, sports and everyday wear, with a casual and authentic style.

The adult capsule collection includes:

- Crew-neck T-shirt with striped ribbed details
- Color-block zip-up sweatshirt
- Hooded sweatshirt with raglan sleeves
- Sweatpants with side piping

For children, the collection embraces the same aesthetic codes with:

- Crew-neck T-shirt with striped ribbed details
- Color-block zip-up sweatshirt
- Sweatpants with side piping

All garments are available in midnight blue, dark green and ivory shades. The iconic Australian logo, embroidered on every piece, serves as the collection's signature feature and unifying element.

More than just a collection, Australian x YSPORT tells the story of a lifestyle where sport and leisure become opportunities for connection across generations. Coordinated outfits for adults and children symbolize an authentic bond built on togetherness, shared experiences and a passion for a timeless style.

**Australian x YSPORT** is already available in Yamamay stores and through the brand's distribution channels.
